Career Objective

To apply my electronics and software skills to build practical and impactful technology solutions while continuously learning and contributing to innovative engineering teams

Education

S.No	Qualification	Institute	Universiy/Board	Year of pass	CGPA or Percentage
1	B.Tech (ECE)	VNR VJIET	JNTUH	2027	8.875
2	Intermediate	Sri Chaitanya Junior College	Board of Intermediate Eductaion	2023	93.7 %
3	SSC	Mount Carmel High School	Board of Secondary Education	2021	10.0

TECHINICAL SKILLS

- Progammng Languages : Embedded C, Java, Python.
- Tools : MATLAB, Multisim, Keil uVison, Proteus.

CERTIFICATIONS

- **Introduction to IoT, NPTEL Online Certification** from **IIT Kharagpur**, Jul Oct 2025, **Elite certificate** holder with a score of **85 percent** and ranked in the **Top 5 percent**.
- **30 Days Masterclass in Embedded C**, Pantech.ai & WarriorsWay, February 2026, Certificate of Completion.
- **Embedded System Design – Overview**, Certificate of Completion, Jan 2026
- **Embedded for Beginners, NIELIT Calicut**, Certificate of Completion, January 2026
- **Generative AI Mastermind, Outskill**, Certificate of Completion, focused on Generative AI concepts and applications.
- **PCB Design & Verification** workshop certificate by Technotran Solutions
- **Smart Coder** Certification by **Smart Interviews**

Academic Projects :

- **GSM Based Security Lock System:** Smart security solution using a SIM800L module and Arduino to enable remote, keyless door access through authenticated SMS commands and real-time status alerts.
- **Smart Traffic Light System with Density Control** - Arduino-based system using ultrasonic sensors to dynamically adjust signal timing based on real-time vehicle density.
- **Image Steganography Tool** : Developed a Python-based program with GUI to securely embed text messages in images using lightweight encryption.

Achievements

- **Co - curricular:**
 - Runner-up in the Quiz Competition on Rudiments of Antennas by IEEE.
 - Participated in Smart India Hackathon 2025.
 - Participated in Circuit Crush Hackathon conducted by IEEE VNRVJIET.
- **Extra - curricular:**
 - Member of IETE Student Chapter

Strengths : Critical thinking, Decision making, Problem Solving skills, Leadership skills, Team work.
